

2022 L.O.V.E. Is The Answer Training Programs & Pricing

What is "L.O.V.E. Is The Answer?"

L.O.V.E. Is The Answer is a movement, a mantra, and a way of life. The L.O.V.E. acronym includes four action steps we are teaching, best explained through the L.O.V.E. Is The Answer pledge: *I pledge to **LEARN** about the people in my community, to unconditionally **OPEN** my heart to their needs as if they were all immediate family members, to **VOLUNTEER** to be part of the solution in their life during both good and challenging times, and to **EMPOWER** everyone I meet to do the same as if our lives depended on each other.* These principles are for everyone, from students and returning citizens, to peace officers, government leaders, and CEO's, and can be used at work, at school, at home, and everywhere else. We want to make L.O.V.E.-Based Policing the official national standard for community policing, and we want to make L.O.V.E.-based living the standard for how we all treat each other.

L.O.V.E. Is The Answer training takes Justice, Equity, Diversity, and Inclusion (JEDI) to another level and improves public safety, corporate social responsibility, community relations, conflict resolution, mentoring, leadership development, recruiting, team building efforts, and much more! By teaching people how to love each other, we can improve every facet of life. Also, we define "inclusion" broadly, to include accessibility and other issues not defined by race.

Who can use L.O.V.E. Is The Answer? Companies, law enforcement agencies, schools, ministries, nonprofits, community groups, families, and other groups of people who want to experience the best that life has to offer them.

6. * A MUST HAVE *** MENTORING CIRCLE BASIC TRAINING CLASS:**

L.O.V.E. Is The Answer Mentoring Circle Training prepares people to become mentors to people in their workplace and community who need a helping hand with navigating life.

L.O.V.E. Is The Answer Mentoring Circle Training is the ultimate solution for improving tactical empathy, DEI outcomes, transforming culture, strengthening internal and external relationships, increasing corporate social responsibility, developing leaders, and equipping team members to perform at higher levels with a more balanced, wellness-oriented mindset and lifestyle. Our Mentoring Circle Training is also a revolutionary, highly-effective tool for engraining principles of diversity, equity, inclusion, and anti-racism within your team members at the cellular level without blaming or shaming anyone.

Originally created as a bridge to heal the divide between police and people of color, and proven to work in even the most volatile of situations, L.O.V.E. Is The Answer has become a movement and way of life that is sweeping the U.S. at a time when it needs it the most. L.O.V.E. Is The Answer started in 2012, with its first major product, the award-winning film, “WALKING WHILE BLACK: L.O.V.E. Is The Answer,” being released in 2017 (and revised in the Fall of 2020). On the surface, the film examines the divide between police and the Black community, but it also serves as a metaphor for all interpersonal conflict. Because of that, the film works extraordinarily well in corporate settings because it provides judgement-free context for examining and solving workplace divides. The L.O.V.E. Is The Answer book, which goes much deeper than the film in teaching people how to love themselves and others, was published in 2020 and is the perfect companion to the film. We also have a workbook that serves as a discussion guide to navigate through both the film and the book. The success that we’ve experienced in improving police-community relations proves that “L.O.V.E.” is truly the answer for individuals, organizations, and entire communities that are desperately in need of finding common ground.

L.O.V.E. Is The Answer Mentoring Circle Training is the ultimate training program for bringing out the best in people and turning any group into a “Beloved Community.”

This program is designed for individuals, families, companies and others who desire to develop a deeper understanding of the L.O.V.E. Is The Answer principles and how to apply them in real life with other people. This is perfect for anyone who wants to give back and make a difference in their family, organization, or community. L.O.V.E. Is The Answer Mentoring Circle Training is the gold standard of empathy-based leadership training for every peace officer, social justice advocate, ally, mentor, manager, or anyone who wants to uplift others or become a better leader.

Our training is Virtual Instructor-Led Training. Participation in most of the Zooms is highly recommended, but if you can’t make some of them, no worries. Deliver of a presentation demonstrating proficiency is mandatory sometime during weeks 8-10. We will be recording all sessions and you’ll be able to access them via password protected links that we will supply to you.

The L.O.V.E. Is The Answer Workshop is an innovative one-of-a-kind full-day personal development experience. The workshop begins with a primer on the Aloha-inspired L.O.V.E. One of the strengths of the L.O.V.E. Is The Answer workshop is that peace officers and other community members, including students, people impacted by the criminal justice system, business people and others, learn and grow together — not on separate islands. They learn how to become

Public safety is in crisis throughout the United States — as we've all sadly experienced — with more than 525 mass shootings as of 9/3/22 (see <https://massshootingtracker.site/data/?year=2022> for the current # and historical data). This is also a time when we as a nation are still grappling with how to improve police-community relations, rid our nation of racism, and find ways to bridge many other gaps in interpersonal relations. L.O.V.E. Is The Answer has proven to positively impact public safety and many other aspects of life by teaching people how to love themselves and love others.

We have experienced great success in places like Washtenaw County, MI; Bucks County, PA, Monroe County, NY; and other locations where they have gone deep over an extended period of time with L.O.V.E. Is The Answer training. Our programs have directly benefited the relationship between police and other community members in a deeply transformative way, which creates a positive ripple effect throughout the entire community.

Bucks County District Attorney Matt Weintraub shared in an op-ed how the film and book sparked a movement of reconciliation in Bucks County that is now spreading throughout the state of PA. <https://fusion.inquirer.com/news/bucks-county-police-racism-aj-ali-walking-while-black-20201020.html>. In December 2020, he was honored by the Bucks County Bar Association for his transformative work with the film and book.

The L.O.V.E. Is The Answer principles are best described in the form of the L.O.V.E. Is The Answer pledge. This is the core of what we are teaching people to do with every interaction:

I pledge to LEARN about the people in my community, to unconditionally OPEN my heart to their needs as if they were all immediate family members, to VOLUNTEER to be part of the solution in their lives during both good and challenging times, and to EMPOWER everyone I meet to do the same as if our lives depended on each other.

L.O.V.E. Is The Answer is a wise investment that saves lives and inspires deep, rich veins of transformation throughout the entire community!

Indeed, by funding this collaborative and comprehensive long-term program at any of the levels presented here, your community could become much safer, and a model for the nation in terms of violence prevention, community-police relations, and improved public safety. Let's work together to create a brighter future for all Americans.

Mentors and mentees will become the volunteer cast of the TV episode.

L.O.V.E. Is The Answer is a new reality television concept that evokes a great sense of community worth and inspires viewers to put “L.O.V.E.” into action: Learn about others, Open your heart to their needs, Volunteer yourself to be part of the solution in their lives, and Empower others to do the same. The show is reminiscent of the positive feel-good sensibility, community bonding, and social responsibility of ABC’s “Extreme Makeover: Home Edition,” and HGTV’s “Home Town Takeover.” L.O.V.E. Is The Answer travels each week into a small town or big city and assembles ordinary people (students, peace officers, veterans, returning citizens, and others) to transform vacant, run-down lots into extraordinary re-humanization spaces called “L.O.V.E. Gardens” — community gardens, learning centers, and micro-businesses owned by residents that also support the financial sustainability of the garden. The team also helps a family in need in that community. The show focuses on how people can come together with a spirit of Aloha as “Ohana” (family in Hawaiian) by giving time working in the service of others in need — and by doing so become more loving individuals and a stronger, safer, more close-knit community.

L.O.V.E. Is The Answer promises to be part of the solution for America’s violence problem and other problems related to a lack of empathy. It’ll be the first TV series actively improving relations between cops and the communities they serve, and helping people of all backgrounds learn how to love their neighbor. In an age where beleaguered communities in the United States are bombarded with one nightmarish violent act after another, comes a television show that’s a welcome ray of optimism and newfound understanding. Hosted by A.J. Ali, service-disabled U.S. Air Force veteran, award-winning director and subject of the film WALKING WHILE BLACK: L.O.V.E. Is The Answer (www.WalkingWhileBlack.com), and Chief Melvin Russell, a retired 40-year veteran of the Baltimore Police Department with a strong track record of community-policing success, the show picks up where the award-winning film they were in left off, by bringing a different community together each episode in powerful, meaningful, and life-changing ways that demonstrate that “L.O.V.E.” truly is the answer..

THE SHOW — 40-minute episodes (broken down into 6 separate 6-7 minute segments for social media viewing)

• Act One – Case Review and Selection

The show begins with A.J. and Mel informing a small group of community leaders (peace officers, returning citizens, students, elders, veterans, business people, ministry leaders, and others) that their community has been selected for a mission and they have one month to complete their mission.

• Act Two – Assembling the Team

The leaders go back to their respective groups to recruit volunteers who think their team of

friends and co-workers will be competing against other teams.

• **Act Three – Team Assignments**

This segment reveals the specific direction and job duties of each team and provides the detailed timelines that need to be met to finish on time and on budget. Volunteers are split from their original groups and unexpectedly mixed up with other groups. We explore the tension as some cops learn that they will have to work with people they arrested years ago. Students learn they have to work with cops who they fear. Elders are surprised to be asked to contribute their expertise after being neglected for years. CEO's are asked to work side-by-side as equals with people who are homeless. Now we're getting somewhere!

• **Act Four – Rolling Up The Sleeves**

We get to see the teams doing the physical work needed to accomplish the job.

• **Act Five – Finishing Touches as Time Runs Out**

Here we join our team of volunteers as they put the finishing touches on their work assignments.

• **Act Six – The Reveal and Celebration**

The L.O.V.E. Garden, complete with a Music Learning Center and Studio, and a L.O.V.E. Bus (a L.O.V.E. Is The Answer logo wrapped RV designed to spread love throughout the community in the form of free food, toys, and other exciting things), is revealed to the public, the project to help a family is revealed to that family, and the volunteers celebrate alongside other community members.

Close and credits

While the credits roll, we visit the L.O.V.E. Garden and the family that was helped weeks later to see how it has impacted them and the rest of the community. A robust social media campaign and membership-based movement will be maintained to build a following for the show and to help everyone continue to engage in positive ways in their community.
