TRANSFORMATIVE, FLEXIBLE, AND CONVENIENT

Lead & Serve With L.O.V.E. is taught virtually by world-class instructors via Zoom, which makes it super convenient. Also, students only have to participate in 5 of the 10 live sessions to graduate, so a busy schedule doesn't have to get in the way of personal growth. And, all of the Zoom sessions are recorded so students can go back and review anything they missed or just want to experience again.

There is no better class offered anywhere for developing self awareness and empathetic leadership skills.

This is much more than a class — it's a beloved community of empathetic change makers who stay in touch with each other long after the class ends to network and mastermind solutions to society's toughest problems!

MEANINGFUL FOR YOUR CAREER AND YOUR COMMUNITY

Graduates receive certificates of completion that can aid in their career progression -- and they can proudly display them in their office. Lead & Serve With L.O.V.E. is also the only leadership class where students get to participate in the planning and execution of TV series episodes (trylovenow.com/the-tv-series), youth basketball clinics led by celebrities, and celebrity basketball games as class projects where they put what they've learned into action to benefit their community!

This is a great way for organizations that have teams of people in our class to follow up with community service projects while the experience of the class is still fresh in their minds.

This helps to seal what they've learned into their minds and hearts. We also invite our graduates to stay engaged with us and other graduates for meaningful and fun community-building activities, mentoring opportunities, exclusive members-only masterclasses, and more!

This is much more than a class — it's a beloved community!

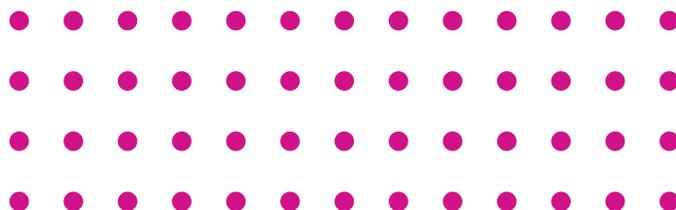

WHO SHOULD TAKE THIS CLASS AND WHAT IS THE TIME COMMITMENT?

Everyone who wants to better themselves, whether it be a high school student, a returning citizen, a peace officer, a CEO, an aspiring leader, a government leader, a teacher, or a preacher needs to take this class.

Approximately 40 hours of time is required to complete the class, including 20 hours of class-session time and approximately 20 hours of studies, group projects, and interactive activities outside of class-sessions.

All sessions will take place on Tuesdays from 6:00 to 8:00 pm eastern, except for Session #5 (film screening and discussion), which will go from 6:00 to 9:00 pm eastern, the Presentations Monday-Friday 5:00 to 8:00 pm and Graduation Ceremony, which take place on Saturday at 5:00 to 6:30 pm.
